RE: PERMISSION TO USE YOUR CHILD(REN)'S PHOTOGRAPHS IN A FAMILY DAY HOME PORTFOLIO/WEBSITE/PRIVATE FACEBOOK PAGE

Dear: _____

It is my intention to develop a "Business Portfolio". This portfolio will contain information on DAVAR Child Care Society, as well as information about My Family Day Home.

The portfolio will help provide a visual description of the kinds of things that happen daily in my home. To aid in this, I would like to incorporate pictures of activities that your child(ren) have participated in, but only with your written permission.

My portfolio, when completed, will be shown to parents that come for interviews when spaces are available. Confidentiality will always be maintained and last names will never be disclosed.

Portions of my portfolio and/or additional photographs may be taken for use by Davar staff to use as a tool to educate other providers in setting up high quality, loving, safe and healthy learning environment. Again, confidentiality will always be maintained and last names will never be disclosed.

Portions of my portfolio and/or additional photographs may be taken for use on my Private Day Home Facebook Page shared only with current families using care that I provide. Again, confidentiality will always be maintained and last names will never be disclosed.

Thank you for your understanding. If you should have any other questions, please call your consultant at 403-609-7392.

Sincerely,

(Family Day Home Provider)
